VANDERBILT TO RACE IN AMERICA AGAIN

Self-Exiled Millionaire's Marriage Will Bring Him Back to His Native Land.

WILL BUILD UP GREAT STABLE.

Means to Withdraw From the rench Turf Completely, It Is Said-His Trainer Sails for New York.

REPUBLIC SPECIAL.

New York, April 25.—W. K. Vanderblit is coming back to the American turf. With his re-entry upon the stage of American social life, attendant on his marriage to diss. Lewis M. Rutherford, Mr. Vanderblit will also take up racing on this side of the Allantic.

liantic. Such is the story which came from authoritative racing sources to-day. Trainers arriving at Aqueduct from the wintering grounds in Kentucky bring reports of a frantic search on the part of an accredited agent of Mr. Vanderbilt for a suitable breeding farm in Kentucky, which is meant to supplement his present small establishment in Tennessee.

Mr. Vanderbilt's idea is to re-establish his racing interests in America upon a sub-

ment in Tennessee.

Mr. Vanderbilt's idea is to re-establish his racing interests in America upon a substantial and extensive basis.

In line with this announced policy, Vanderbilt horses are being nominated in many of the futurity stakes to be run in this country in 150s. Yesterday the Vanderbilt meminations in the \$50,000 World's Fair Handicap at St. Louis were passed through the first term of declaration, which is taken by the local racing world as a sure-evidence of Mr. Vanderbilt's intention of again taking up the sport upon the metropolitan courses. The lat of Haima 3-year-olds which were to have been shipped to France from Tennesses this month have been thrown into light training and will not be sent abroad. This is regarded as quite significant. Upon the top of this comes the news of the salling next week for this country of Trainer Hughes.

Hughes has the Vanderbilt string of horses in France under his direction. It is

er Hughes.

Rughes has the Vanderbilt string of horses in France under his direction. It is thought Hughes is coming to confer with J. 8. McDowell, Mr. Van-6. McDonnid and G. C. McDowell, Mr. Vanderbilt's American racing representatives, toward the acceptation of the plans Mr. Vanderbilt has decided upon.

W. K. Vanderbilt would prove a decided acquisition to the owners' list in this country. Owing to his horses being extensively engaged in French stakes during the current season, he will not fully launch into the sport at Morris Park, Sheepshead Bay and Saratoga until next year.

Whether he relinquishes his riding interests in France altogether remains to be seen.

sats in France sitogether remains to be been.

His stable at present is especially strong in the 3-year-old division. Alpha is one of the best coits sporting the Vanderbilt colors in France this spring. The Vanderbilt horses in America are weamlings and untried 2-year-olds. In addition to breeding stock, W. K. Vanderbilt has long been the dominant factor in the Coney Island Jockey Club, and is without doubt one of the most enthusiastic racing men to be found the world over.

J. A. DRAKE ON HORSES. Dwner of Savable Gives His Views on Racing and Breeding.

Racing and Breeding.

New York, April 25.—John A. Drake, ewner of Savable, the winner of last year's Futurity, was recently interviewed on the question of the racing business and expressed himself at length. His ideas will be of interest to horsemen generally.

"It's like this," he said. "A man who is in the horse game should either be a breeder or a campaigner, and he should never try to combine the two.

"Why? Because when a man gets the breeding bug on any sort of live stock it will keep him busy all the time. Especially horses. The minute one starts to breed his own racers the trouble begins. He gets a stallion of certain blood lines, picking one that combines strains which seem to him the proper combination, and from that moment he is in the clouds. It occurs to him that a certain mare will cross well with his stallion, and when the resultant colt arrives it is labeled a winner, whether or no. It is trained after it has plainly demonstrated that its place is in the discard, and it is raced and bet on just because Mr. Owner doesn't like to feel that his prescription for the manufacture of stake winners was the wrong one.

"No Breeding form for me. I have been."

Two Great Enterprises Built on Similar Lines, Going Hand in Hand! What the World's Fair is to St. Louis Historically, the Globe is to St. Louis Commercially! TIES PLACED ON THE TRACK.

Three Boys Charged With Obstructing a Railway.

Assistant Prosecuting Attorney Dulton yesterday issued a warrant charging Charles filchardson, 12 years old, of No. 650 Nashville avenue, and Eimer and Samuel Palmer, 8 and 9 years old, respectively, of Wise and Oakland avenues, with obstructing a railway track.

It is alleged that the boys placed a tie across the rails of a switch track leading from the Frisco road to the World's Fair grounds Friday. A switch engine struck the ile and was derailed, requiring the zervices of a wrecking crew three hours to replace it. Patrolman Peter Dolan arrested the boys and has reported that they admit having placed the tie on the tracks.
